USES: I am just a guide, feel free to use me as you wish.

PLANT SIZE: SMALL: Up to 1M. MEDIUM: 1M-2M. LARGE: 2M and above when supported.

DETERMINATE: I am typically more of a dwarf variety and produce my fruit within 1-2 months.

INDETERMINATE: I'm a non-stop grower making tomatoes the entire season. Because I'm so productive I need extra tall support.

HEIRLOOM: I'm carefully selected for a specific trait, open-pollinated and have been passed down through generations.

HYBRID: I'm cross-pollinated to achieve a blend of traits, like heat and disease resistance.

For more details please see the back of the tomato label.
